

A high-angle photograph of a man with grey hair and glasses, wearing a light blue button-down shirt, sitting at a wooden desk. He is focused on his work, with his hands on a silver laptop keyboard. To the left of the laptop is a white smartphone. To the right is a silver pen and a small, closed, cream-colored notebook. The background is a blurred office setting with a white wall and a light switch.

Learning Ecosystem Concept

A holistic vision where the learner is at the center, and all layers are working in harmony to drive personalized learning.

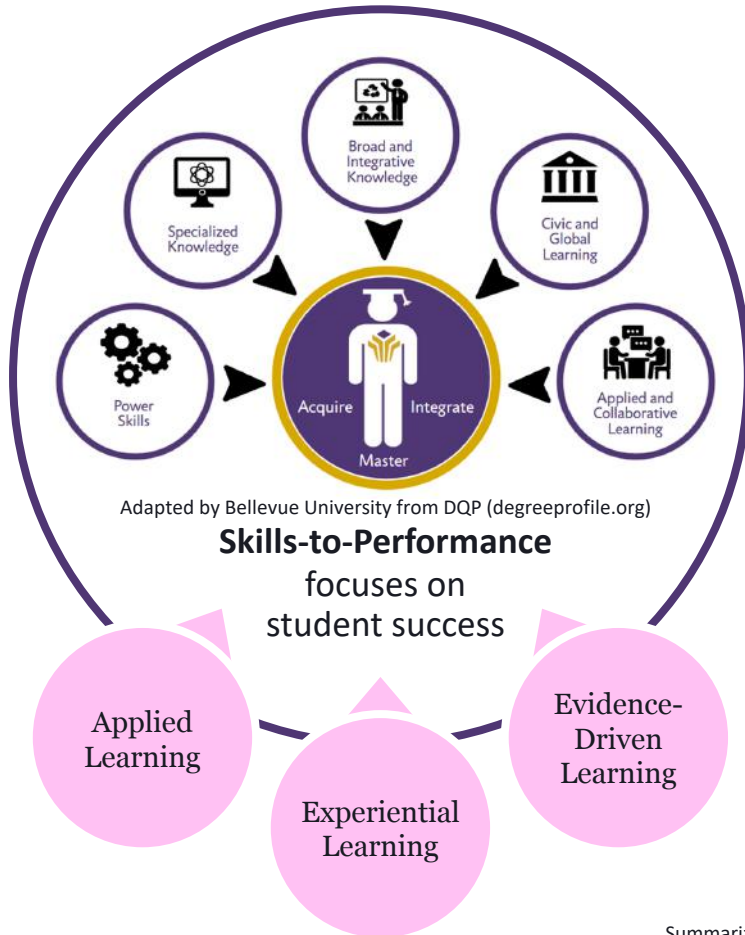

Drive toward personalized learning ...

... launched its institution-wide shift to personalized learning in 2012. It blends applied, experiential, evidence-driven learning with instructional flexibility, data and systems investment, business process redesign, and continuous improvement.

Located outside of Omaha, Nebraska, Bellevue University is a career-focused institution that prides itself on industry alignment and job readiness.

Learning Content

Program Map

- Body of Knowledge
- Advisory Group
- Market Research

35% Free-form content
65% Managed Content

Enabled by business process redesign, integration and infrastructure investment, data, and institutional leadership and buy-in.

George Mason University

... is rethinking its student experience to lay a learner-centered foundation for increasingly personalized learning.

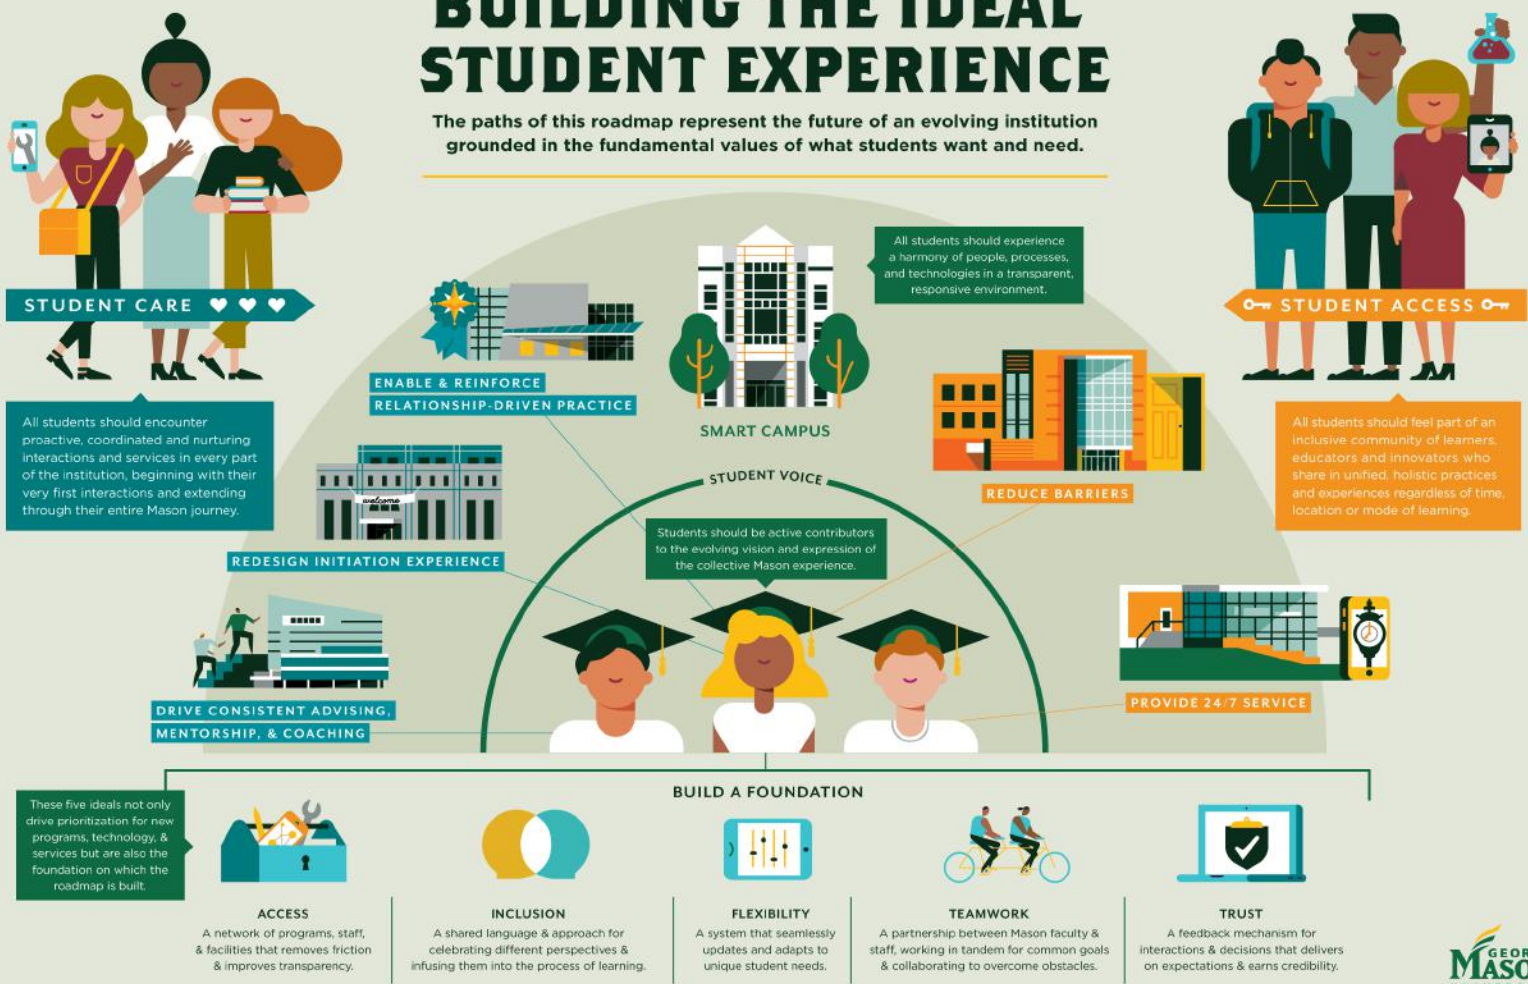

Development of the Ideal Student Experience was rooted in design-thinking and human-centered design.

Located outside of Washington DC, George Mason is the largest public research university in Virginia.
